

NEWS OF THE VICINAGE.

R. M. Jackson is raising a company of State guards at London.

The Danville fair has changed its date to the second week in August.

Peyton Hendrix cut Thomas Shanks so seriously at Richmond that it is feared he will die.

The steel plant at Middlesboro has closed down and 200 men are thrown out of employment.

A colored girl delivered an address of welcome to Miss Helen Gould and party at Berea College.

Robert W. Duham, of Danville, has been transferred from the department of labor to the census department.

Circuit Judge Charles Patterson, of the Lebanon district, fell from a street car in Louisville and broke his arm and J. P. Thompson is holding court in his stead.

At Richmond, Jack Sowell, life saver of the Kentucky River, rescued his family from their burning home. In the past 10 years he has saved 20 lives. C. Bert Hartley, a flagman on the L. & N., was struck by a locomotive near Pittsburg, and it is thought, fatally hurt. He suffered a fracture of the skull and was badly crushed about the chest.

The new Central Kentucky Fair Association, of Danville, incorporated by filing articles with Secretary of State Hill. The capital stock is \$7,500 and E. W. Lillard and H. C. Bright are the principal incorporators.

Representative Gilbert secured the establishment of a post office at Ebenezer, Mercer county, with William S. Salter as postmaster and also secured the appointment of Miss Mary Hartford, formerly of Kentucky, on the temporary force at the census office.

Fire destroyed the stable of E. C. McWhorter at McWhorter and also that of Dr. Lutz. Besides losing his barn, Mr. McWhorter lost two fine mules and three horses, 200 bushels of corn, a lot of hay, harness etc., and Dr. Lutz lost everything in his barn except his horse and cow.

Capt. C. C. Calhoun, who went to Barboursville to muster out John Powers' republican militia company, was unable to do so because the members on their return from Frankfort had taken the arms into the country. This company went to Frankfort in advance of the assassination and was notified 45 minutes beforehand to be ready to stand the police back, which they did.

Yesterday Berea entertained Miss Helen Gould, one of the most glorious characters of current history, a woman who has used her vast wealth to ameliorate the condition of less fortunate humanity, winning a name like Florence Nightingale. Her visit was especially interesting as she has already given \$5,000 to Berea College and the college is anxious to have an additional \$10,000 given.—Richmond Climax.

A band of women kuklux raided the home of Anna Rainwater at Williamsburg, and cleaned out the place, thrashed half a dozen boys who were there at the time and put to flight several girls whose raiment was rather scanty, and then made the furniture look like it had gone through a wreck. The Rainwater woman got her share of attention and a warning to get out of the neighborhood.

McCREARY FOR GOVERNOR.

MC. WHEAT WANTS HIM ABOVE ANYBODY ELSE.

VALLEY VIEW, TEX., June 2.—You will please send my paper to Valley View, Texas, as I want the truth and I can always get it when I get the I. J. I am now living in a democratic State. I have met with several people from Kentucky. I hope that Lincoln county democrats will instruct for the Hon. James B. McCreary for governor, for, if nominated, he will carry the State by at least 60,000 or 70,000 majority. I am for him like I was for the faithful Wm. Goebel. I was for Goebel over the field, now I am for McCreary over the field. He is a man that the democratic party has weighed often and never found wanting. He has always been pure and bright. The party has always found him in all the heated battles for our beloved party. He has never run off and hid himself nor has he ever run the Brown sealing was over his mouth against the party.

Stone and Hardin where are you? Where have you been staying and what have you been doing? We do not find fault with you for what you have done altogether, but for what you have done. If you had mounted the raging storm for Goebel the party would now be calling for you. The democratic doors are now thrown wide open. Now is the time to redeem yourselves. Come home, come in and live and move with a party that you are not ashamed of. Any democrat knows that it is better to vote the democrat in office than to let in any kind of a republican. The shot that killed Goebel killed the republican party in Kentucky. Now democratic brethren you will make no mistake if you will nominate honored James B. McCreary for governor of Kentucky. I am for him first and Beckham second. If this is done look out for 70,000 for the glorious old democratic party in Kentucky.

MC. WHEAT.

LANCASTER.

The Dan Packard Opera Company failed to put in an appearance this week.

Mr. Leslie Herndon took 28 men from this town to work in Virginia mines.

Mr. J. H. Miller's letter in the Courier Journal in reference to the gubernatorial race, has the right ring.

Miss Bertie Hilton has returned home to spend the summer. She made a host of friends while here, every one of whom she richly deserves.

Jailer Ross put Dee Turner and Jordan Peale on the trail of Carrier and Preston, who sawed out of jail here some time ago, and they arrested them in Bourbon county.

Mr. R. E. Hughes, of Louisville, will spend next Sunday with relatives here. Messrs. H. A. B. Marksberry and Geo. D. Robinson have been summoned to Frankfort to serve on the U. S. grand jury.

I am under renewed obligations to Hon. G. G. Gilbert for valuable public documents. He has made an able, hard working member and he has been true to his party and the people. He should be and he will be re-elected by a large majority.

As stated over a week ago, Mr. Fred Frisbie and Miss Alice Hudson were married Wednesday and started on a tour through the South. Their many friends offer congratulations. The wedding was beautiful in every appointment and many beautiful presents were given.

J. C. Eller reports a dull market at Richmond Monday. He bought 100 good ewes at \$3.40, some butcher cows at 3c and a three-year-old mare at \$65. G. A. Swinebroad bought a family mare for \$85 and sold his entire lot of lambs at 5c loaded on cars. J. L. McCarty shipped a car load of hogs Saturday. J. I. Hamilton bought five geldings at \$40 to \$100.

Dr. W. N. Bush is being treated for nervous prostration at the infirmary in your city. Mac K. B. Elkin was here Tuesday. Mrs. R. E. Thompson has returned from Louisville. Miss Bertie Miller has gone to Knoxville to visit her brother, Col. W. S. Miller. Mr. Dave Walker, of South Carolina, is the guest of his brother, Mr. J. J. Walker.

Men who favor the sale of liquor on the grounds that they want to be free men and take a drink when they want it, do not realize what liberty is. It is often the case that those who drink are slaves to their appetites and would give the world if they were free to let it alone. The man who does not drink is the freeman.

All democrats are urged to attend the mass convention at the court-house next Saturday, to select delegates to Louisville, where delegates to the National convention will be selected. It is understood that Garrard will instruct for Gov. McCreary and Senator Blackburn as two of the delegates from the State-at-large, and act for the best interest of the party in other matters.

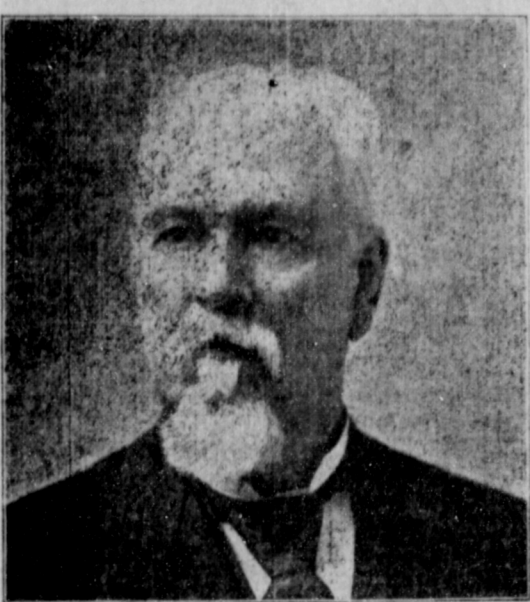

On next Tuesday at 5 o'clock P. M., at the home of the bride's parents, on Richmond Avenue, Mr. Jesse Walden, a popular young business man, and Miss Annie Lloyd, the attractive daughter of Dr. and Mrs. H. C. Herling, will be married. Eld. William Walden, brother of the groom, officiating. The attendants will be Miss Mattie Thompson and Fisher Herring. They will make their home in Danville.

On Wednesday the news reached here that Jesse Arnold had shot a railroad conductor at Nicholasville, or that he was accused of doing so and was arrested on the charge. His father, W. A. Arnold, and Hon. R. H. Tomlinson went there to investigate the matter. I understand that Jesse says he did not do the shooting and that the wound is very slight. Trouble arose over the signing of a scalper's ticket, which Arnold had bought, and which he had a right to use if properly signed.

As the race for governor becomes warm, our democrats are wisely asserting that personal preference should be laid aside and we should nominate the strongest man. It is understood that Gov. McCreary would accept the nomination, and while was always a great favorite, he has endeared himself to the people by his action in helping to keep peace during the troubles at Frankfort. He and Black are nearest to democratic hearts in this county but both sides are willing to instruct for the strongest man. It is thought by some that the 8th district will go solidly for McCreary if his name is before the convention. It is agreed that Lieut. Gov. Beckham is an able, worthy and courageous man, but it is claimed that he should for the present, fill the office to which he was elected and make the race for governor later in life. It is necessary to nominate a man who can win and who has had experience in public affairs in times of trouble.

A THOUSAND TONGUES

Could not express the rapture of Annie E. Springer, of 1125 Howard St., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this "Royal Cure": "It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will everyone who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 40c and \$1.00. DR. WILLIAM SHELTON,
The Retiring President.

THE concert and elocutionary entertainment given by Misses Ellen and Flora Ballou's classes in Stanford Female College, occurred during a drenching rain, but it did not deter the people from attending in large numbers and they were well repaid for braving the storm. The young ladies are highly artistic in their tastes and when they are at the head of any entertainment the fact is a guarantee that it will be excellent and that of Wednesday night proved no exception. The pupils showed careful drilling and long patient teaching and did great credit to their preceptors. It was wonderful how the little tots had been taught to perform so well the long selections, in many cases without the sign of a note in sight. The readings, the pantomimes, the statue posings and the pleasing little comedy were all given with a spirit and perfection which elicited hearty applause. Several of the young ladies deserve special mention, but we might list ourselves liable to the charge of invidiousness, so we will simply say that all did remarkably well, and give the program in full:

By an oversight we failed to include in Miss Ellen Ballou's roll of honor

Tuesday, the name of Miss Mary Higgins. She practiced her piano lessons the entire year without missing a day. Little Miss Kate Waters performed the remarkable feat of committing to memory 2,054 notes in 10 days.

THE Opera House was filled yesterday morning to witness the closing exercises, which began at 10:30 with an invocation by Rev. S. M. Rankin, followed by a rendition of Spindler's "Le Trot du Cavalier" by Misses Myrtle Hughes, Mary Phillips, Stella Hill, Marie Mahony, Mary McRoberts, Katie Mershon, Sue Taylor Engleman, Katie Bastin. Rev. W. H. Ryals, of Richmond, was then introduced and taking for his subject: "A Voice or an Echo, Which?" delivered an eloquent address to the graduates, full of practical thoughts and timely suggestions. There was more music and President William Shelton addressed the graduates, Misses Sophie Alcorn, Etta Belle Cash, Etta Belle Cloyd and Evelyn May Eastland, complimenting them on their good work and the successful issue of their labors, closing as follows:

And now in testimony of your proficiency in study and excellence in deportment, I take great pleasure in presenting to each one of you a diploma duly signed and sealed from Stanford Female College. May you worthily wear the honors of your Alma Mater; and may God crown your earthly lives with his richest blessings and give to you at last an abundant entrance into His eternal kingdom.

Mrs. Nannie Sauley presented the diplomas and the last act of the graduation was performed. The young ladies were lovely in white gowns and when they sat down friends almost covered them with floral and other handsome offerings. List's Marche Hongroise was rendered by Misses Myrtle Hughes, Roberta Cash, Anna Darst, Nettie Beck, Etta Belle Cloyd and Sophie Alcorn.

Dr. Shelton then came forward and spoke as follows:

I desire to express my thanks to the people of Stanford and Lincoln county for their patronage, and for the interest they have always taken in the work of Stanford Female College.

We finished today the labors of the 31st year of this institution. The work of the year has been pleasant and successful. The pupils have made good progress in their studies, have been exemplary in their deportment and have attained high grades in their examinations.

We are sorry to have to make the announcement that we now lose two of our teachers, Miss Mary Hubbard, teacher of art, and Miss Bennie Nabers, teacher of primary and preparatory classes. Both these ladies have won for themselves a warm place in our hearts by their gentle and refined manners, their true Christian spirit and their proficiency in their work. The whole school, both teachers and pupils, regret the necessity of their leaving us, and follow them with our prayers for the blessings of heaven to be upon them. We are glad to announce that Miss Bertie Paxton will be a regular member of our faculty for next year. During the sickness of her sister last winter she took charge of her classes, and her work was so satisfactory that we desire to retain her permanently in the College.

We take pleasure in announcing that Prof. John A. Miller, A. M., of Riceville, Tenn., has been unanimously elected by the trustees to a place in the faculty of the College. He brings strong testimonials of high character as a Christian gentleman and of great ability as a teacher and disciplinarian.

This day brings to a close my work as president of the College. For five years I have held this honorable and responsible position. During this time I have found great pleasure in discharging the duties of the office. In retiring today from the position, I desire to express my sincere thanks to the trustees and patrons of the College and to the ladies and gentlemen of Stanford and vicinity for the uniform kindness and courtesy extended to me during my connection with the College. In closing today my connection with it, and ceasing to be one of its teachers, I do not cease to feel a great interest in its prosperity and success, but shall ever pray for the blessing of God to rest upon the work of its trustees, its teachers and its students.

It gives me great pleasure to announce that Mrs. Sauley, who has been elected by the board of trustees to the presidency of the College. She will enter at once on the duties of the office by getting everything in readiness for the opening of the next scholastic year on Monday, Sept. 3d, 1900.

I am glad also to announce that Miss Mattie Paxton, Misses Ellen and Flora Ballou will continue their connection with the College, and that Mrs. Martin will continue in charge of the boarding department.

Allow me, if you please, to make a suggestion to the people of Stanford and vicinity: Would it not be good policy for them to unite their efforts in building up the College to a higher degree of efficiency and success? The College needs your help in order to become in all respects what it ought to be. You can help it by your patronage. Send your girls to your home school for their education, instead of sending them to schools in other places. You can help it by your influence. Use that influence in inducing your friends and others to patronize the College and thus increase the number of students. You can help it with your money. It needs improvements on its building and grounds. It needs additions to its library and apparatus. It needs many other things to bring it up to the present standard of higher educational advantages. It can secure these advantages from no other source than from the liberality and public spirit of the citizens of Stanford and Lincoln county. In contributing to the permanency and success of the College, you are contributing to the moral, intellectual and financial elevation of your own community.

When he had concluded Rev. F. W. Allen pronounced the benediction and the 31st session of the college had come to a beautiful close, after a most successful term. We are glad to know that Dr. Shelton will not entirely leave us and that his counsel will be given when required to his most accomplished daughter, who now succeeds to the presidency and for whom everybody entertains the highest regard. May the school grow and flourish under her watchful care and wise management.

"That Kentucky Campaign, or the Law, the Ballot and the People in the Goebel-Taylor Contest" is the title of a nicely printed and bound volume of 344 pages just from the press. It is the joint work of R. E. Hughes, F. W. Schaefer and E. L. Williams, bright young Louisville newspaper men, who have admirably succeeded in their endeavor to present a non-partisan history of one of the most exciting political tragedies ever enacted. The book is bound in extra cloth, with artistic cover design in color and ought to sell readily at the low price fixed, \$1.75. It has 100 illustrations, including a good picture of Gov. Goebel, and it is thrillingly entertaining from chapter 1 to the close of the 45th and last. All the startling events from the beginning of the campaign till the final decision by the supreme court in favor of Gov. Beckham are given in well chosen words, making the book a valuable addition to current literature as well as to history. As one of the authors, Mr. Hughes, is a native of this county, a local interest is given to the book, which will doubtless make it sell rapidly here.

THE unexpected happened in the Indiana gubernatorial convention and what was expected to be a long drawn out contest, was settled in short order, John W. Kern being nominated on the first ballot, B. F. Shively withdrawing before it was taken. The platform reaffirms the Chicago platform and endorses W. J. Bryan for president and puts the anti-imperialism and anti-trust issues in the fore-ground. Chairman Ralston took occasion in his speech to go for Gov. Mount for protecting fugitives from justice in his State simply because those fugitives are charged with complicity in the murder of the democratic governor of Kentucky. His remarks were loudly cheered, showing he had touched a sympathetic chord.

THERE was so much opposition to the primary election restricted to those who voted the democratic ticket in the last election, that the committee in the 7th district met at Lexington Tuesday and rescinded the call for the primary, substituting a district convention at Paris July 6 and county conventions July 7. The restrictions were also rescinded and the doors thrown open to all who promise to support the nominee and also the democratic nominee for president. June Gayle, John R. Allen and others who withdrew, will now shy their castors in the ring again and put the question of the nominee in grave doubt.

THE New York democrats have wheeled into line. Their platform promises that the party in the State will support the platform of the Kansas City convention, declares against war taxes in time of peace; declares for the parity of gold and silver as currency; demands the abolition of all customs and tariffs between Porto Rico and the United States; condemns trusts and monopolies and entangling alliances; demands just and liberal pension laws the election of United States senators by the people and favors the nomination of Bryan. The delegates at large are David B. Hill, Richard Croker, Edward Murphy and August Van Wyck.

A "DIPLOMA MILL" at Chicago was raided by government officials and four of its "faculty" arrested. For any sum it could get out of an applicant a diploma of graduation was given in law or medicine and it is stated that the bogus lawyers and doctors the concern had manufactured are practicing all over the country. But after all it doesn't make so much difference. Half the so-called real article of both professions are engaged in guessing at what is the law and what is the matter with a patient, and the bogus can guess about as well as they.

AFTER one of the most disorderly conventions ever held in the State, E. C. O'Rear, of Mt. Sterling, was nominated by acclamation for judge of the court of appeals in the 7th district. The convention was at Louisville and for three hours bedlam reigned, till Burns and Auxier withdrew and then the thing was over. O'Rear is a very short horse and as a lawyer was never heard of outside of the vicinity of his home. His name was to a telegram during the assassination times and that has caused most honest men to be prejudiced against him.

A DISPATCH says that the Kentucky exiles are being treated like royalty at Indianapolis. Every day they are guests of honor at the home of some leading citizen or are banqueted at one of the hotels or clubs. Birds of a feather flock together and by their treatment of assassinations suspects the republicans of Indiana show that they are a little lower than the lowest of a low kind of politicians. Assassins have no place in the homes of honest men and honest men do not harbor them.

In his speech to his comrades at the reunion, Gen. Basil W. Duke said: "I wouldn't give three continental dimes for politics. Politicians vote for each other to secure office for themselves, but Confederate soldiers fought and bled for pure love of country." Good man. Now let him call off his railroad and all will be forgotten in admiration of his daring deeds in the early 60s.

The West Virginia democratic convention has nominated John H. Holt, of Huntington, for governor.

THE Senate by a tie vote rejected the nomination of W. D. Bynum to be general appraiser of the port of New York. Bynum headed the revolt against the democratic ticket in 1896 and while the president wanted to pay the debt he owed him, neither party thought he ought to have it. Let him henceforth be anathema maranatha.

TAYLOR has thrown up the sponge, preferring to be a live cock in Indiana to becoming a dead one in Kentucky. Now let the rats trot out John Yerkes and see him get the life beat out of him.

BE sure to attend the democratic convention tomorrow and give Hon. Harvey Heim a big boost for delegate to Kansas City.

INDIANAPOLIS, June 7.—W. S. Taylor has issued a statement declaring himself out of the contest for the governorship of Kentucky, thereby relieving the party managers of the embarrassment of having to side-track him. He says he has endured all he can stand for freedom's sake at present and must be permitted to rest.

FRANKFORT, June 7.—Gov. Beckham appointed Dr. E. B. McCormick, of Owensboro, superintendent of the Hopkinsville Asylum.

POLITICIANS AND POLITICS.

Congress appropriated \$5,000,000 for the St. Louis exposition. The administration bill will be given at Frankfort tonight.

Judge Lewis contents himself with a simple announcement of his candidacy for governor, making no promises nor any suggestions.

A republican parade, with 25,000 men in line, will be given at Philadelphia on the night previous to the opening of the Philadelphia convention.

At Catlettsburg the democrats of the Ninth district nominated J. N. Kehoe, of Maysville, for Congress. The nomination was made by acclamation.

Ex State Inspector Lester is one republican who would rather vote for a courageous candidate in a Kentucky jail than for a cowardly one in an Indiana refuge.

Investigation shows that C. F. W. Neely divided the postal receipts of Cuba, pocketing one-half and remitting the other half. The monthly average was \$17,000.

Owing to a disagreement on an amendment to the Naval bill, Congress got into a wrangle and did not adjourn Wednesday, but many of the members have gone to their homes.

During the first session of the present Congress there was appropriated \$709,729,476, of which \$131,247,155 is estimated to have been on account of or incident to the war with Spain.

The Louisville Times says that Samuel Walton Severance is valetudinarian of the honor men of the class of 1900 at the Louisville Male High School and adds that he has been a splendid student.

Gov. Beckham has issued an order to State Inspector Hines to investigate the books of the republican usurping officials on Statehouse Square and their predecessors, and he is engaged in the work.

"Taylor Will Run!" announced the evening papers last Tuesday. "Shucks!" said a Main street merchant, "Taylor has been running for weeks. The question is, will he never stop running?"—Richmond Climax.

The Missouri democrats in State convention nominated former Congressman A. M. Dockery for governor by acclamation, adopted a platform denouncing the gold standard and reaffirmed the Chicago platform as to silver.

Just put it in your pipe and smoke it that no man responsible for the putting of Jefferson Davis in irons will ever be president of these United States, nor will any man implicated in the assassination of William Goebel ever be the governor of Kentucky.—Louisville Times

Albert Sidney Johnson, son of Col. E. Polk Johnson, and a well known young druggist of Louisville, died of gastritis and heart trouble, aged 33. We saw him with his father less than a week ago and are surprised and grieved that he is no more.

After torturing a suspect of the outrage and murder of a little girl at Biloxi, Miss., in every conceivable manner to force a confession from him in vain, the father of the murdered child asked that time be given "the child's mother to try to establish the Negro's identity."

Imitating their mother, who had killed a chicken with an ax, some little Indian children on the Oneida reservation killed one of their number in the same way, thinking it a pleasant game. Workmen near by were horror stricken and dropped the timbers they were lifting. Eight were killed.

Gen. McArthur reports an estimate of the number of Filipinos killed, wounded and captured since the Insurrection began. The number is placed 10,780 killed, 2,104 wounded and 10,424 captured. It is everywhere recognized that a soldier is best paid for doing his duty by a strip of ribbon or a peculiarly valueless medal. On the other hand, a badge in itself often spurs its owner to deeds of valor and honor. Harry W. Trott, a young graduate of the Agricultural college of the University of Wisconsin, was among the passengers on a vessel recently wrecked off the coast of Mexico. The little Christian Endeavor pin was on his coat. He threw off his outer garments, and, fastening the pin in his underclothes, swam through the shark-infested water and surf-beaten rocks to bring relief to the imperiled passengers. A great crisis calls for energy, skill and self-sacrifice, and fortunately for the credit of this age it does not often call in vain.

The American claims against Turkey, arising from the destruction of missionary property during the Armenian massacres four or five years ago, are being vigorously pressed by the United States. The American minister to Turkey, Mr. Straus, is now in this country; but before he left Turkey the sultan gave him repeated assurances that the money should be paid. The sum agreed upon is about \$100,000, which is not more than one-third of the value of the property destroyed. It is intimated that this country will break off diplomatic relations with Turkey, if the claims are not settled.

The Methodists of Holton, Kan., were holding an experience meeting one day lately when a five-year-old boy rushed excitedly in and gave notice that the church was on fire in the basement. The little fellow was scarcely able to speak, but he said: "I done it, and ought to be spanked." After recounting that the fire was subdued without much damage, the Recorder says that of all the confessions offered at the love feast of that day the little boy's was probably the most honest, frank and sincere once.

They are telling up in North Missouri of a Worth county man who, when on his way to the courthouse to procure a marriage license, met the father of his intended and was told by him that he could not marry the girl of his choice, but might, if he saw fit, take the elder sister. The young fellow thought it over awhile, concluded to accept the offer, went on after the license, and held the old man to his bargain.

Behind Admiral Dewey's carriage in the recent Chicago parade an enthusiastic spectator, breaking through the lines, began to execute a dance. The admiral arose to bow his acknowledgment, when the horses started on a trot and the admiral, losing his balance, sat down with a bump, greatly to his own amusement and that of the crowd.

A Pennsylvania preacher claims that a brewery was recently struck by lightning and destroyed in answer to his prayers. The owners of the establishment have not, however, put sufficient faith in his orisons to sue for damages.

Desirable Farm At Private Sale.

Desiring to change climate on account of my health, I will sell at private sale my farm of 250 acres in West Lincoln County, Kentucky 2 1/2 miles East of Hustonville, and 1 1/2 miles West of McKinney on C. S. R. R.

This farm and improvements are among the best in the Blue Grass region of Kentucky. The dwelling is a modern brick and frame, metal roof, containing 9 rooms with bath, porch and veranda. Outbuildings include two splendid and commodious barns with 24 box stalls and shed room for 100 cattle or 200 sheep, other buildings include ice-house, buggy houses, meat house, coal house, poultry house, flower pit and good tenant house of five rooms. All buildings are in first-class repair and comparatively new. Never failing orchard of best variety of fruit. The larger portion of this farm is first-class tobacco and hemp land. Abundance of never failing water, four rock walled ponds, in addition to branch through one side of the place. 200 acres of farm in blue grass or meadow, with 50 acres in wheat and corn; fencing in excellent condition and abundance in quantity.

This farm is in good shape for division, if so desired, as it lays almost in a square, bounded on North and East sides by Hustonville and McKinney Turnpike. This home and farm has to be seen to be appreciated. Any one wishing to secure a very desirable place will rarely meet with an opportunity to find this quality on the market. Terms liberal. SHOT THE CONDUCTOR.—A dispatch from Nicholasville says Conductor Will Dineen was shot Tuesday night as the train stopped at the station there. Jesse Arnold, a young man of Lancaster, and Joe Rice, of Danville, purchased scalpers' tickets at Lexington to some point in Texas. No word can be said against him."

During the past two years B. G. and Monte Fox have sold seven yearling and two-year-old pacers for \$5,920. They were all by Cecil stallions and three of them are out of old Annie B.—Advocate.

Lutes & Co., shipped a load of 100-pound hogs to Cincinnati and realized 4.60 at home for them. They bought of S. T. Harris 20 fat hogs averaging 226 pounds at 4 1/2c and sold 27 nice growing heifers at Harrodsburg Monday at 4c and a bunch of good yearling steers 5c.

The wheat crop this year will be the heaviest ever known. In 1892 Kansas had 3,800,000 acres of wheat and raised 70,000,000 bushels, an average of 18 bushels to the acre. This year the winter wheat acreage is 4,085,819, as estimated by the growers, and the average yield will be larger than that of 1892.

MT. VERNON.

Rev. Hagan preached Sunday morning and evening in the Presbyterian church.

Our correspondent is at Winchester attending the telephone association. Miss Gladden Ewers is visiting friends at Pine Hill.

Wild strawberries were never more plentiful or delightful than at present. The best of them may be had at 20c per gallon.

Many of our church people were greatly astonished to learn that the unusually small crowd at church Sunday was partly due to the fact that a number of our young people went to Sigman's Spring and made for themselves a picnic. Picnics are all right for week days, but they seem hardly the proper thing for the Lord's day.

Drs. A. C. Foster and W. Sid Kelley, John Harkleroad, W. H. Steele, W. A. Parsley, F. P. Elliott, C. F. Scoville, C. M. Randall, Felix Russell and J. P. Wren, witnesses in the Wilson case and all most excellent gentlemen, are stopping with Willis Adams during court. The argument in this case began this, Thursday, morning at 8 o'clock. There will be four speeches on each side.

Perhaps the most handsome floral design ever in Mt. Vernon was presented to W. R. Henderson, one of the college graduates, by Miss Ida May Adams. The design was in the form of a large lyre, covered first with ferns, then with Luximberg and American Beauty Roses, interspersed with pansies and laurel. The strings of the instrument were made of Wisteria blossoms. The design was made by Miss Adams herself, assisted by the artist, O. M. VanCleave.

Tom Stewart has returned to his home near Wildie, after having spent both a pleasant and profitable year, with us, attending college. Mrs. Sam Pennington is visiting her parents, Mr. and Mrs. George Gentry, of this place. The Misses Simpson, of Pine Hill, are with Dr. and Mrs. Ewers. Mrs. Drye and son, James, have returned from an extended visit to relatives at Millersburg. Mrs. John Whitehead is visiting her sister-in-law, Mrs. C. C. Williams. S. W. Davis' new soda fountain has added many to his already large number of customers. Mr. and Mrs. Gus Stewart, Dr. Lewis, Miss Richelieu, Jessie Munday and the Misses Fish, of Wildie, Miss Nannie Elrod and niece, of Somerset, were among the many visitors here during commencement week.

REGRETS THE REPORT.

BRODHEAD, June 7.—I notice an item in your paper under date of June 5th, where Miss Helen Thurmond very bitterly expressed her indignation over a report of her marriage to R. H. Hamm, of Rockcastle, "with whom she is but slightly acquainted." Now in reply I wish to state that while I consider Miss Thurmond and myself thoroughly acquainted, I regret very much that such a report got started and feel that I have equal cause for complaint, and that it is an injustice imposed upon us both by some one who I presume wished only to indulge in a little joke at our expense. Yours Respect,

R. H. HAMM.

Cinnamon and hot drops knocked out Frank Williams and Grady Montaine in Bell county. Both leave families.

The British army under Lord Roberts took possession of Petoria, the Transvaal capital, Tuesday, just eight months after war was declared. The news was received throughout Great Britain with the loudest demonstrations and the general belief is that hostilities will at once be ended.

Miss Maggie Barnett, daughter of William Barnett, of Estill county, was bitten by a mad dog a few days ago, from the effects of which she died in terrible agony.

ROBBED OF THE GRAVE. A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and side, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim. No one should fail to try them. Only 50c, guaranteed at Penny's Drug Store."
